BREAKS ALL MICHIGAN TIME

French and those the Jib is

Sounaw, Mich., July 15.-The Michi record is broken. Flying Jib paced mile of his life at Saginaw over a track. John Kelly, his driver, re-red an ovation at the flaish. Kelly we Direct to his record of 20014 at lie last year, the fastest records given to two harms by one man. ording to the announcement Flying name on the track at a o'clock, es by John Kelly. The famous ing looked to be much improved over his last year's form, but owing to the rain over night, which left the track somewhat heavy, good judges were of the epit ion that a mile in 2.08 would be the spit on that a mile in 2.08 would be a creatitable exhibition. After a preliminary and a Kelly nodded for the word. On the first score, and pacing the first quarter in 21%, the half in 1.02%, the three quarters in 1.34%. Flying Jib came to the wire going strong in 2.00%. The case with which the route was covered by the wonderful pacer leaves little doubt that with a specially prepared track he could be equal to a mile close to the coverted two minute mark. Starter Walker announced the mile as the Michigan record and the driver as the only man who had ever given two horses as fast records as Kelly, referring to Direct and Flying Jib. Horse and driver were accorded an dwalton as they returned to the stand.

RUDOLPH'S GRAND RACE.

He Beats All the Cracks in the Colum-

Caucaso, July 15.—The Ætna stables' grand codt, Rudolph, captured the Columbus handicap today at Washington Fara, leaving behind him the price of the west Morelio, and the well touted eastern star, Lamplighter. It was the best field that has ever come together in the west, and it resulted in together in the west, and it resulted in one of the grandest races ever witnessed on this track, Rudolph only winning by Jimmy Irving's good judgment, for the one that was second had some left at the finish, whereas the winner could not possibly have gone another sixteenth and remained in the lead. I amplighter and Diablo seemed to be outclassed, or not up to a bruising race, for neither got within hailing distance the entire route. When the olds tance the entire route. When the olds were posted for this race Morello was quoted favorite at 5 to 2, but so heavy was the play on Frank Van Ness' pet that the close, 9 to 5, was the best price obtainable against him. Chris Smith's pair. Maid Marian and Yo Tambien, were second in demand at 13 to 5. The tooks were afraid to lay against Lamplighter at first, but before the close they became brave and chalked up 5 to 1 against him. Diable being held at 6 to 1. Rulelph on form figured the best, but he was also held at 5 to 1, but did not go in the post unbacked, as Mr. Hankins thought his chances with only 107 pounds to carry were the best and played him accordingly. They all acted well at the post with the exception of Lamplighter, and he refused to break spelling two good starts. At the first specing two good starts. At the first break a serious accident happened Mo-rello, he stumbling and falling turned a complete somersault. He was soon on his feet again, but the fail undoubtedly innerved him, for when Miller re-mounted him he was not at all anxious

to get in the bunch again.

Finally Starter Pettingill gave the word with Ida Pickwick in the lead.

Santa Anna second and Maid Marian third. Maid Marian was full of run and passing the stand for the first time had gained a lend of a length, Santa Anna being second and Wildwood third. The ers were bunefied and close up in the following order: Rudolph, Highland, Ida Piekwick, Michael, Loudon, Morello, Yo Tambien, Lamplighter, Diable, Huron Ray S. Illume and Poet Scout. At the quarter Maid Marian still held the command, but Morello had moved the command, but Morello had moved into accord and Rudelph third places respectively. Maid Marian and Morello raced head and head all down the back stretch and to the three quarters pole but here Irving urged Rudelph a triffe and the game son of Fisse responded splendidly, and rounding into the eretch he had his nose in front. You ambien being second, neck and neck with Morello. At the eighth pole Hudelph bedeed like an over winner, but Yo Yam. socked like an easy winner, but Yo Yamhalf furling out the pair were on even terms. Isving, on Rudolph, clearly out-rode Jordan, and using the best kind of judgment, managed to land the Elma stables out a winner by a scant half stables coit a winner by a scant half length. George Miller, who rade Morello, was seen after the race, and his arm was hadly swellen from the fall be got. He says the fail greatly lequired Morello's chance, and thinks if the accident had not occurred be would certainly have seen. Lamplighter and Diable ran very healty, florishing sixth and seventh re-

Green B. Morrie Struthmenth won the handleap fourth on the program, but Calindo with 122 pounds on his back, gave him a hard rub, the Morris home ly winning by a neck.

GO TO LONG SHOT.

Both Stake Events at Mon Taken By Outsiders.

Mossours Pars. July 15.—The threatening weather had no effect upon the attendance here, which was one of the largest of the meeting. The program was a brilliant one and reflected great credit upon Escretary McIntyre. The field of eight struggled for supromacy in the first race. Roland Reed on on the strength of his easy victory a few days ago was installed first favorite. Handit closing a trille weaker in favoriteism. He rewarded his followers by sinning the race premium as he pleased. Roland Reed got the place in much the same way.

Reland Reed got the place in much the same way.

All the money won on Bandit was played on Prince George to win the second race, only 7 to 5 being obtainable against him. Daily American was a dual favorite. The race resolved itself into a duel between this pair. Prince George won a pretty and exciting race by a scant head. Lifeboat, the other starter, was never dangerous nor prominent. The Hollywood handicap had the largest field of the season at this track. Eleven went to the post. The race was won by Donlittle, a 15 to 1 shot. Beldemere, the favorite, managed to get the place money. The Long Branch handicap was conceded to Banquet by the talent, and made a 6 to 5 favorite. Candelatra, a 4 to 1, set a pace exactly to his own liking and romped home the easiest of winners, two lengths before Mars. Hammie was installed as favorite in the fifth, selling at 7 to 5. He won by a head in the last jump, Cactue that distance behind.

Sport, the prohibitive favorite, won the last race. Midnight, second choice, getting the place money.

Morris of California was an easy favorite in the selling last night and today and won the first and final heats. There were four starters in the first heat: C. C. Morris of California, C. A. Kinsey of Utah, Alex Gott of Montana and James Collins of Wisconsin. Morris wen, Collins

Second. Second heat—if. W. Kiblinger of Chi-ongo, M. M. McKeever of Colorado, S. J. Farrel of Connecticut. Farrell, Kib-linger and McKeever finished in the

order named.

Third and final heat—Morris won,
Collins a very close second, Farrell third,
Kiblinger fourth. Time, 94; seconds;
one fifth second below the world's record.

The third heat was a very exciting
one, the four being bunched with Col-

line behind. A magnificant sport which he made at the end, however, almost won Colline the race. The race was referred by M. J. Fing of Boston and was given under the anspices of the Bos-ton Police News.

Broke a Contary Record. Onance, N. J., July 15.—The record for a hundred mile bicycle road race was reduced more than one hour at the run under the direction of the Atlanta Wheelmen from this place to Princeton and return. J. W. Linnehan, of the Press Bicycle club of Buffalo, N. Y., did 100 miles in 5 hours, 48 minutes and 35 seconds, finishing in good shape. Three were 11 starters in the race.

Against a stone Quarry.

Indianapolis, July 15.—Judge Wood, of the United States circuit court, has issued a restraining order in favor of S. B. Voris against the Bedford Stone Quarry company, preventing the sale of the property for the present. The petitioner claims \$275,000 of the stock and charges that William L. Breyfogle and W. C. Winstanley, who formerly owned all the stock, have misappropriated \$100,000, and that the interest on the company's obligations has not been met, although past due.

More Trouble in Egypt. Valerra, Malta, July 15.—The British battle ship Inflexible, mounting twelve guns, has been ordered to proceed immediately from this port to Alexandria, Egypt. She will start tonight. It is rumored that the hurried dispatch of the Inflexible is owing to the disturbances that have broken out in Alexandria. No details of the trouble are known here.

Is Your Money Well Invested ?

A VALUABLE SUGGESTION.

Hard earned money should be invested with are. How to keep the small savings safely invested, and yet where they will be increasing, has long been a vexed question. It is ometimes hard for small investors to judge between good and bad investments. However, if they buy real estate in a rich and thriving city; a city noted for its great manufacturing interests; a city that furnishes free fuel to encourage such concerns, they can make no mis-take. We offer investors lots in the most prom-ising place in the United States, a city that has doubled its population several times within the last four years. It has the most promising future, and the large manufacturing interests tion again this year. If you have a few dollars you should look into this chance to invest. We extend very easy terms. RAVAGES OF CATARRH

Catarrh Attacks All Mucus Membranes-It Affects the Ears. Eyes, Nose, Throat, Bronshial Tubes, Lungs, Stomach, Bowels, Kidneys, Bladder-The Whole Mucues Tract-The Many Ills that Are Due to It's Far-Reaching Influence.

Many people labor under the mistakes idea that cutarrh means simply a discharge from the matrile, with a hawking and spitting of mucus; but to the observing physics, who makes a specialty of the discuse, his word cutarrh means much more. Experience has tought him that cuturrh is by no means confined to the head alone, but that the entire spetem is frequently affected by it. Thus we have—

Catarrh of the nose, causing frontsi headaches (more commonly known as neuralgis,) a sense of duliness or drowsiness, distincts, confusion of thoughts, etc.

Catarre of the throat, bronchist tubes and lungs, causing sore throat, coung, hearseness or entire loss of unice, bronchitis, asthma, pneumonia, etc.

Catarrh of the stomach (more commonly called dyspeguis.) causing indigestion, heartburn, water brash, nauses, fetid breath, palpitation or fluttering of the heart, short-

Catarrh of the bladder, with its long list of symptoms, the in flummatory condition extending up the wreters to the kindneys, enusing diabetes. Bright's disease, etc.

Catarrh of the bowels, causing alternate diarrhose, and constipation, dies, etc. In fact, exterch affects more or less all the mucus surfaces of the entire body, causing at times severe local neuralgic or rheumatic pains. So when Drs. Copeland and Graham are asked (as they often are by patients) whether they treat other diseases as well as catarrh, the answer, yes.

They Treat All Chronic Diseases.

Secures experience has taught them that nearly every chronic disease in this climate is due to a general catarrhal condition of the system, and in treating this condition they

This method of treatment is possiblely adapted to this class of allments of the entire indeus tract of the body; as it is both local and internal; and each year's experience and successful treatment only confirms their claim that this is the only true and rational mode of treatment. In this they are borne out by hundreds of testimonials from grateful patients. REMEMBER IT COSTS YOU NOTHING FOR CONSULTATION AND

CATARRH CAN BE CURED

Mr. Wagner of 167 Shawmue avenue, who is one of the best known millers of this city, came to Drs. Copeland and Genham to see if cutarrh was a curable disease, as all his experience had been to the contrary. In regard to the improvent in his case he said:

MR. WILLIAM WAGNER,

When I first went to Drs. Copeland and Graham I was completely run down and ans getting worse eveny day. I knew that my diense was affecting my whole system. Almost every or an eas involved and i felt that I must have relief at once. I did not spect the benefit that I have derived from the Copeland treatment and feel both grateful to them and pleased with the result.

'I was constantly hawking and spitting as the discharge filled up my thaoat and bronchial tebes. I had a dail, full feeling in my head and a pain over my eyes, and had noises in my cars. When I cought cold I had great difficulty in breathing. I had a

bad taste in my mouth, my tongue was coated and my stomach bad. I had no appetite, my food lay heavy on my stomach which was sour ank generated gas until I felt miterable. My howels were had and in fact I was hardly free from most of these symptoms any of the time.

"I began to improve with the first week's treatment and I have gained steadily since until almost every symptom has disappeared and I feel that catarrh is indeed a curable disease when treated properly. I can only express myself as placed with the result and can wish any one suffering from estarrh no better fortune than to consult Drs. Copeland and Graham and be cured of this loathsome disease.
